SCENTSY CULTURE # 2020

Fill Your Life ... with Silver Linings

Dear Scentsy Employees,

We began 2020 with an intention – and a crystal ball – to look at the moments that built your lives, whatever they may be. It was intentional to know how significant that message and mission would become. We were committed to the good in the present and the good in the future.

We know how hard the year was for many people, within and outside our Scentsy family, but highlights often do shine brightly, and the things we remember most – our Silver Lining moments – are directly connected to the people who built our lives.

In 2020, we had three endings for our lives, welcomed our first grandchild, and were called to serve as a hospice caregiver for our church. All thanks for all creation year, and we fill your lives and support throughout every "Halloween" family reunion.

Our Scentsy family and gross revenue for the year were more than 100,000 new Consultants counting their own Scentsy business and 36,000 more renewed or renewed Consultants. This equated to a 92 percent year-over increase in renewal and more than 1,000 new employees hired to support that record-breaking growth.

The team meeting, challenge, and ultimately, as a father, "Thank you for your part in making 2020 such a memorable year!"

This book is a collection of our stories from what might be the most significant year of our lifetime. We have loved making your stories, and we are humbled by your generosity. We have only meant good and better things happen, reflecting on your year, discovering these stories shared by your coworkers, and appreciating to see more shared connections to each other.

We love you!

Heidi & Gail

Bring Work to Your Kid Day

Scentsy held its 8th Bring Your Kid to Work Day – with a twist! Instead of having parents bring their kids to work, we had parents bring work to their kids with the help of 200 KID. Each KID consisted of activities parents and kids could do together at home, at Scentsy, and then fun together!

Activities included:

- Make Your Own Employee Badge (Security)
- Make Your Own Mask (Safety)
- Clean Your Own Backpack
- Make Your Own Lunch Boxes
- Intermountain Scouting and Fishing
- Learn About Scouting (KID)
- Learn About Making Extractions (Fingerprint)
- Do a Forensic for Your Partner (KID)
- Color the stories you see on campus (KID)
- Play a Reference to Scentsy's marketing game (Marketing)
- Design your own Scentsy Name (Creative)
- Sign an Employee Appearance Contract
- Go to a Fall/Winter Catalog scavenger hunt

Support:

- Make Your Own Mask (Safety)
- Learn About Scouting (KID)

Over 400 kits were completed and distributed to employees. We missed seeing all the happy faces and making this day experience with employees in person, but employees and their children still had a fun time and learned new

things about Scentsy!

Scentsy Sets New Records

We will not soon forget the 5th Anniversary celebration we had on October 1, 2020. Our first record, achieved on Sept. 1, 2019, was our first year over \$18 million. But on Sept. 1, 2020, we broke that record and set a new record with a 10th anniversary of \$21.8 million!

We will not let this record go for the next year. Hour in Scentsy history with \$21.8 million.

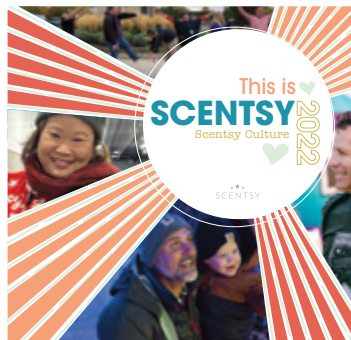

The biggest contributing factor was the launch of the newest Collections, which included products inspired by The Nightmare Before Christmas.

September also set a new record for 1st of its kind in new product offerings, with us bringing back the Holiday '90s Collections. Inventory was reserved.

Connections

At Scentsy, our culture is about Connections.

It's amazing to be part of a company that has such a positive impact on people.

After experiencing remarkable growth the past couple of years, we hit a steady state in 2022. We finished the year with 232,798 Consultants, expanded Scentsy into Belgium and Luxembourg, and moved our first-to-join Scentsy Family locations to three years. Scentsy Scan felt stronger than ever!

No matter what your role may be at the home office, your contribution makes an incredible difference this year in the lives of many. Contributing more than you have has a ripple effect in the world. Doing good always brings more good. So, thank you for working hard to make Consultants – and each other – feel supported, encouraged and excited to call Scentsy home.

I want to extend special thanks to everyone who contributed to this book, because the online inside will only help our connections grow stronger. Take time to read through and reflect on the year. You might even discover new ways to get connected in the year to come!

With gratitude,
 Dan DeWald
 Scentsy President & Interim CEO

Culture Stories

2022

"Scentsy offered me the opportunity to be a Platform Leader for the Director Boot Camp 46 and never truly realized exactly what I was engaged with in an exciting journey. I contacted..."

"To say it was electric doesn't begin to cover it. All the emotions, gathered together, sharing their personal and professional lives was raw and uplifting. Seeing the world through the Consultant's eyes was something you could never capture in a meeting, you truly need to experience it. And I hope every agent gets the chance to experience the Scentsy adventure."

They finished on seeing the humble beginnings of Scentsy, and then being able to sit in Heidi and Chella's offices was like watching the development of a child's first big step to Disneyland.

"They were so friendly to be at the home office and watching how excited they were over the content, the Bulletin, and the product with such excitement to give me a deeper appreciation. It was these little every day... I didn't truly realize how much home office truly means to the Directors until I watched them get in person for the first time."

The generosity of each person to share their highs and lows was inspiring, they rolled around each other like they'd known one another for a very long time, even though it had only been 2.5 days, in most cases.

The friends made on this journey were in abundance and we're now bonded / connected with many of the agents the entire year that, they referred to me as their Platform Hero for the remainder of the four "Platform!"

— Dawn Koen, Consultant Support

Compassion has no limits.

It's never too far.
Too complicated.
Or too hard.
It's not something you believe in.
It's something you do.

Compassion isn't what happens
when life doesn't go as planned?
And builds the only Neuro, Surgical,
Trauma ICU in the state of Idaho.
It knows that keeping the most advanced
care close to home is important.
So you don't have to leave the state
where minutes matter.
Because compassion knows every
minute matters.
It's not just a job or career.
It's a calling.

Our calling is you.

WHAT IS A TRAUMATIC BRAIN INJURY?

A traumatic brain injury (TBI) is a disruption of the normal function of the brain due to an external force. This can be a blow to the head, a fall, or a penetrating injury. The most common cause of TBI is a fall. Other causes include motor vehicle accidents, sports injuries, and assaults.

Types of Traumatic Brain Injury

- Mild Trauma:** The most common type of TBI, often called a concussion. It typically causes a temporary loss of consciousness that lasts for less than 30 minutes. It is usually caused by a blow to the head, a fall, or a penetrating injury.
- Severe Trauma:** A more serious type of TBI that can cause long-term damage to the brain. It is usually caused by a blow to the head, a fall, or a penetrating injury.
- Diffuse Axonal Injury (DAI):** A type of TBI that is caused by a rapid acceleration or deceleration of the head. This can cause damage to the brain's white matter.

Signs of traumatic brain injury

Nausea or vomiting, headache, dizziness, loss of consciousness, confusion, memory loss, changes in behavior, seizures, weakness or numbness in the limbs, vision changes, and changes in personality.

YOUR GUIDE TO BREAST HEALTH

Breast cancer, the most common, doesn't discriminate by age, race or gender. One in eight women will be diagnosed with breast cancer, and a total, nearly 300 deaths from breast cancer occur each year.

Doctors and scientists agree that early detection is the best defense against breast cancer. Successful treatment and survival rates for breast cancer patients are dramatically affected by early detection. In fact, if breast cancer is found at work, the five-year survival rate is almost 90 percent. That's why you should take steps to minimize your risk through education, early detection, knowing your risk, and getting your yearly mammograms.

ST. ALPHONSUS HEALTH SYSTEM | CALL 800-850-8500

SELF-EXAM STEPS

Begin by lying on your back. It is easier to examine all breast tissue if you are lying down.

- Place your right hand behind your head. With the middle fingers of your left hand, gently and firmly cross down using small motions to examine the entire right breast.
- Repeat, sit or stand. Repeat your attempt, because breast tissue goes into that area.

Next, stand in front of a mirror with your arms by your side.

- Look at your breasts directly and in the mirror. Look for changes in size, shape, such as dimpling, puckering, or indentations.
- Also note the shape and outline of each breast.
- Check to see if the nipple turns inward.

On the same with your arms raised above your head.

Head motions have some benefits. Your goal is to feel anything new or different. If you do, call your doctor right away.

MAKING THE TREASURES YELLS A BETTER PLACE TO LIVE

A TURNING DESTINATION FOR THE ENTIRE COMMUNITY

The Treasure Valley community has the unique good fortune to be surrounded and right in its back door. Bogus Basin, the largest mountain resort in the Treasure Valley, is an engaging fit community in effort, an incredible asset to the Treasure Valley region, and an important asset to the community. Bogus Basin is a Treasure Valley asset that is loved for its community benefits of the area and nearby through a wide range of recreation and shared experiences and opportunities.

In 2019, a new leadership team at Bogus Basin set out to revitalize the resort, improve local businesses, neighborhoods, and individual well-being through strategic investments in infrastructure to fund a new era of vibrant mountain recreation and community opportunities.

That is, in part, why we support them in becoming the Community. Bogus Basin is now being re-imagined for the entire community.

NON-PROFIT ALL GOOD.
